MEMORIAL HOSPITAL**

A Dartmouth-Hitchcock Affiliate

SENIOR CARE PROGRAM

Alice Peck Day Memorial Hospital

Team-Based Geriatric Care

- We work together to provide comprehensive and timely care in the clinic, the home, and facility settings.
- We direct our approach towards your personal and health goals, including 'aging in place' and advance care planning.
- We work closely with patients and families to coordinate across sites of care and throughout the aging process.
- We meet weekly as an interdisciplinary team to coordinate our services.

Lisa Furmanski, MD

Susannah Clark, MD

Senior Care Team:

- Our providers include two Physicians (MD) and one Nurse Practitioner (ARNP) who see patients in the office and in the community.
- Our Registered Nurse (RN) coordinates our providers and communication with all members of your health care team.
- Our Social Worker (MSW, LICSW) provides support and offers guidance to patients and families during health and during illness, including assistance with advance care planning, caregiver resources, and connections to community programs.
- Our clinic Nurse (LPN) pays close attention to the needs of seniors during office visits and coordinates our community visits.

Erika DiRenzo, MSW, LICSW

Joanne Hayes, ARNP

Alison St. Peter, LPN

Tamera Dubuque, RN

**The Senior Care team and you:
We are in this together!**
