

Rest Easy Program

Since 1932, APD has been a non-profit, community-based healthcare organization with a mission to improve the health and well-being of our community.

In line with that mission, we developed the Rest Easy Program to help patients, families, and visitors stay close to our hospital. Out of the goodness of their hearts, all participating inns and hotels have expressed a willingness to offer discounted room rates to patients and family members when available.

Here at APD, we want you to rest easy.

Alice Peck Day Memorial Hospital
